

Meet the Alcove 6 seater.

Soundproofing

Double steel walls with sound insulation in between, laminated double glass and inner acoustic panels keep conversations within the pod.

Ergonomic Design

Durable, high quality supportive foam seating and optimal table height enable comfortable work sessions.

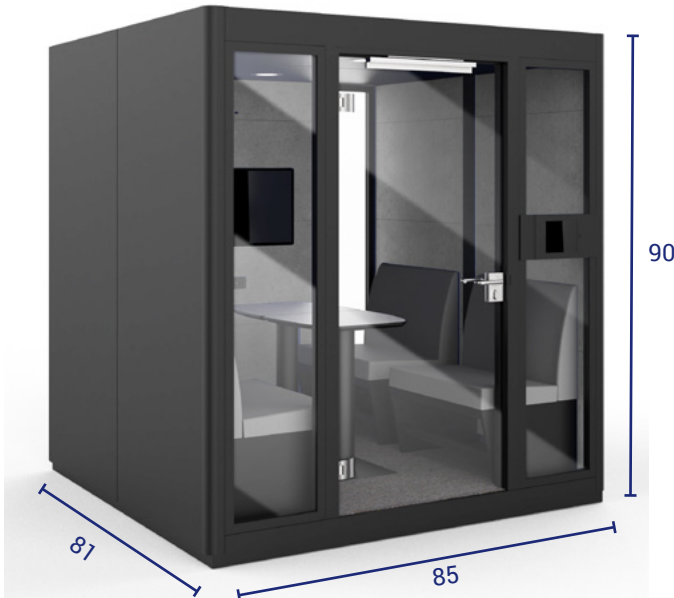

Ready To Work

Includes: whiteboard, power outlets, USB outlets.
Optional add-ons: Digital display, ethernet outlets.

Lighting & Airflow

Illumination in our pods follows the GSA's recommendation for office spaces (500 lumens in 6' x 6' area). Great airflow keeps you feeling fresh and alert.

Dimensions:

85" W x 81" D x 90" H

Structure:

- Steel frame, steel cladding inside and out
- Casters for easy moving
